- **Appliance must be ENERGY STAR qualified and labeled accordingly to be eligible for rebates. At time of purchase, appliance must be on current ENERGY STAR list. (Ask your dealer which models are currently listed.)**
- Appliance must be installed in a home that receives electric service from a local municipal utility that is a participating member of MMPA.
- Customer must apply for rebate within one year of the purchase date shown on the sales receipt.
- Rebate applications must include complete dealer and appliance information and include: a copy of dated sales receipt/invoice including manufacturer, model number serial number, annual energy usage (kWh/year). - Rebates are limited to one rebate per appliance per customer account per year.
- Rebate requests are processed on a "first-come first-serve" basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
