

City of Arlington Park Board

Meeting Minutes

1/28/2008

I. Call to order

Chairman Alan Ihrke called to order the regular meeting of the **Arlington Park Board** at **7PM** on **1-28-08** at the Technology Center.

II. Open issues

- a) Playground Equipment discussion was held on what type of a play structure would be suitable for the location with the young families which live in close proximity to the park. After looking over the designs the companies have provided us with and looking over their books, we had decided on going with one of the predesigned models out of the Playworld Systems “Giggles for less” book, and then adding a rock wall and some swings, and in staying within our budget we would also be able to finish the park off with edging and mulch.

III. Adjournment

Chairman Alan Ihrke adjourned the meeting.
