Cancer Cruise of Sibley County, MN

This disease does not care to please
But only causes pain that's very hard to ease.
It makes the ones who need to fight
Want to lose their might.
But we must not forget,
With the power of prayer, it will all be alright.

Written by Janessa Selle, Becky's daughter

The 10th Annual Cancer Cruise of Sibley County, will benefit **Becky Schlueter** of Arlington. Becky was diagnosed with appendix cancer in 2015. Appendix cancer is very rare, affecting less than ten people per 1 million. After completing chemotherapy, and a very extensive surgery, she was declared cancer free, until 2019 when the doctors discovered her cancer had returned. She has faced many other health obstacles because of this diagnosis, and is not able to work while she continues to fight this ugly disease.
