

By participating in the We Save program, you can save energy and earn a rebate when you purchase energy efficient LED lighting for your home. To qualify for rebate, LED lighting products must be ENERGY STAR® certified or Design Lights Consortium® (DLC) qualified and ceiling fans must include a light kit and be ENERGY STAR® certified.

What rebate can I earn?

- ENERGY STAR certified LED bulb: 50% of bulb price, up to \$5 per bulb
- DLC qualified tube-style LED linear lamp: 50% of lamp price, up to \$5 per lamp
- ENERGY STAR certified LED fixture: 50% of fixture price, up to \$15 per fixture
- ENERGY STAR certified ceiling fan with light kit: 50% of fan price, up to \$25 per fan

What does it mean to be an ENERGY STAR certified light bulb or fixture?

- ENERGY STAR certified lighting has an ENERGY STAR logo on its packaging and meets strict criteria for efficiency, light quality (output and color), and performance. It also comes with minimum warranties of 2 years (bulbs) and 3 years (light fixtures and ceiling fans).
- ENERGY STAR bulbs and fixtures use up to 90% less energy and last 15 times longer than traditional lighting.
- ENERGY STAR bulbs and fixtures produce 70-90% less heat than traditional lighting, making it safer to operate while decreasing energy costs associated with home cooling.
- ENERGY STAR ceiling fans are 60% more efficient than conventional fan/light units and use improved motors and blade designs.

What does it mean to be a DLC qualified LED linear lamp?

- DLC qualified LED linear replacement lamps have a DLC logo on their packaging and meet minimum technical specifications, including a minimum 5-year warranty.
- DLC qualified linear lamps (UL Type A, UL Type B, and UL Type C) include two-foot, three-foot, four-foot, eight-foot, and U-bend LED lamps designed to replace fluorescent lamps.

Rebate Qualifications and Program Rules

- Residential customers receiving electric service from the City of Arlington are eligible for rebates when they purchase ENERGY STAR certified LED bulbs or fixtures or DLC qualified tube-style LED linear lamps.
- See Rebate Forms Checklist below for required documentation. Incomplete applications will not be processed.
- Information on rebate application must match sales receipt.
- Customer must apply for rebate within one year of the purchase date shown on the sales receipt.
- Rebated bulbs and fixtures may not be used for resale.
- Limit one rebate per customer account per year. Total rebate limit of \$400 paid to customer.
- Rebate requests are processed on a first-come first-serve basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
- Qualifying customers must apply for rebate by November 30, 2023.

Rebate Forms Checklist:

- Rebate Application
- Dated sales receipt
- UPC Code and ENERGY STAR or DLC logo
